## CONGRATULATIONS GREELEY TRIBUNE ENDORSEMENTS

### CONGRESSMAN KEN BUCK

"In short, while also making good on those campaign promises, Buck has shown a willingness to blaze an independent trail when that best serves the people he represents. And, just as important, he makes himself very accessible to them, as well. In fact, we're not sure there's a more accessible elected official in our region, especially at the Federal level."

### REPRESENTATIVE LORI SAINÉ

"Sainé has a proven track record of working well with others - from both sides of the aisle - and has developed the relationships necessary to represent her constituents, regardless of politics. We think that sounds like a great addition to a board that in recent years hasn't always been pointed in the same direction."

### REPRESENTATIVE PERRY BUCK

Perry Buck is the kind of Republican Weld County needs — and the kind of commissioner from which we believe the BOCC can benefit. She's a favored child of the community, the daughter of Weld County royalty Bill and Sylvia Webster, and has served the county steadfastly in various roles, including, most recently, state legislature.
